RAMP

REAL-WORLD APPLICATION; MAXIMIZING POTENTIAL

Bringing Learning to Life

RAMP

REAL-WORLD APPLICATION; MAXIMIZING POTENTIAL

Bringing Learning to Life

A program of **OptIN**

EMPOWERING STUDENTS FOR THE FUTURE

RAMP - Real-World Application; Maximizing Potential - creates a new type of learning environment that increases student hope, engagement and skills for future success while completing high school graduation requirements.

It embeds learning in a real manufacturing facility - AmeriQual - where students will spend their entire day on-site. Half of the day students will work at AmeriQual for a wage, benefits and to learn new skills. The other half of the school day will be spent in a classroom to complete high school graduation requirements.
